

United Tegar Youth of North America

The United Tegar Youth in North America (UTYNA) would like to announce the launch of its new website, www.utyna.org. UTYNA was established on a platform that recognized the need to strength social contentedness, cultural awareness/exchange, philanthropy, and community engagement among members of Tegar youth in the U.S. and beyond. Therefore, the organization's new website provides one mechanism to push this mission forward.

More specifically, utyna.org offers a more comprehensive understanding of the organization's overall mission and purpose. The website will also provide updated information on news, events, and projects being led by the organization. Thus, we call on all interested parties to visit our website and provide their feedback.

Sincerely,

Zenebe, Aregawi

(UTYNA Board Chairman)
